### Rain and Snow.

Washington, D. C., Dec. 9.—For Kentucky—rain tonight, probably turning to snow.

Former Postmaster-General Jas. N. Tyner died at Washington this week, aged 70 years. He was implicated in the "postal frauds" of last year and though he was acquitted on his trial, his health had sunk steadily ever since, and he died a broken-hearted old man.

Senator Platt, of New York, Wednesday introduced the bill prepared under the direction of the Committee on National Affairs of the Republican Club of the city of New York having as its purpose the reduction of the representation in Congress of Southern States that have disfranchised the negro voters. The measure, if enacted in its present form, would lessen the membership in Congress by nineteen.

"Will the Hopkinsville Kentuckian please explain why Hopkinsville is the safest place in Christian country?"—Pembroke Journal.

Simply because the Boards of Health, city and county, are located here and are handling the disease energetically and promptly. All cases found are quickly removed from any contact with the public. The Journal is assured that we have no quarrel with it and most of all would not misrepresent Pembroke. That town has from the first treated the epidemic in a thoroughly business-like manner. Something the officials here did not do at the proper time. Pembroke deserves untold praise for forcing every person in the town to be vaccinated several weeks ago. Unless the Kentuckian is deliberately deceived by those who know the facts, the exact situation will be given in this paper three times a week.

## Not a Dividend Missed In 24 Years.

"On July 1st," says the American Magazine of Mining Investment, "The Homestake Mining Company will have paid regular monthly dividends for 237 consecutive months. It has been over 24 years since the company began the distribution of profits among its shareholders and during this time has not missed a single dividend."

### David Moffatt,

Colorado's greatest millionaire, says: "Gold mining is the surest road to fortune. It is the only way you can get rich quickly, and it is being done every day." Moffatt has made \$30,000,000.00 in mining in Colorado.

—O—O—  
"From an investment of \$150 in a gold mine, Mrs. M. A. Austin, of No. 244 Warwick Street, Brooklyn, will receive the sum of \$275,000.00." Mrs. Austin's venture realizes a big fortune by sale of Butte, Mont., mine.

## DR. BAILEY TAKES HOLD AT ASYLUM.

New First Assistant Physician Has Qualified.

Dr. A. A. Bailey, of Franklin county, the new doctor at the Western Asylum, arrived this week and entered upon his duties as first assistant and physician. He comes from the Lexington Asylum, where he has been second assistant physician.

Dr. Bailey is a middle-aged bachelor, 45 years old and of robust physique. It can be said without straining the truth that he is not only a single man, but handsome. He has brown hair—none too thick on top of his head—and wears a brown moustache. He comes with the reputation of being a fine physician.

### MEETING CLOSED.

And Evangelist Price Left Yesterday Morning.

The meeting at the Baptist church closed Thursday night. The largest congregation of the meeting was in attendance, it being necessary to use both rooms. Mr. Price preached on "The Bible on Christian Giving." Several of the pastors of other churches occupied seats on the stand. The evangelist left for Barboursville, W. Va., where he will begin a meeting of ten days Sunday.

### Dividend No. 37.

At a semi-annual meeting of the Board of Directors of the Crescent Milling Co. a dividend for four (4) per cent. was declared out of the net earnings for the six months ending Nov. 30th, and payable Jan. 1st, 1905.

Half of the Remaining Cases Will be Let Out Early Next Week.

The smallpox situation is shown in the following summary:

Total to be released today 50  
Remaining cases 146

The table above shows an improved situation. There have been discharged since last report 20 at Concord, 1 at Gracey and 2 in this city, the Guthrie family. The quarantine has been raised and Maxey Blythe, the other case in the Seventh Ward has been removed to the Cedar Grove hospital.

Two new cases have developed in city. A little 7 months old child of Mr. Ford Wright, on South Clay street, is one of the cases. The other case is a negro woman at 17th and Railroad streets, who has a child only ten days old and cannot be moved.

Action will be taken in both these cases as soon as possible. The two other cases inside the city are rapidly convalescing.

Mr. S. R. White, of Julian, who is 85 years old, has broken out. His grand-children, two Garrett children, had the disease some time ago. The old gentleman is too feeble to be moved and a quarantine has been established at his house.

One other case at Howell is not in condition to be moved. A young man named Terrell, from Howell, has been brought to Cedar Grove, making seven cases there.

There are now no cases of smallpox in Pembroke. The City Council has paid nearly \$400 in fighting the epidemic and have the satisfaction of knowing that the town is this week free of the disease.

Dr. Jackson will today discharge about 50 cases. Some are entirely well, but one children of parents who have been slower to recover, and could not be let out until the whole family was ready to go.

### MAY NOT HANG.

George Holland Needed as a Witness Against Others.

It is reported from Frankfort that Gov. Beckham will be asked to respite George Holland, of this county, who is under sentence to be hanged Jan. 13, for complicity in the Pembroke murder of Nov. 14, 1903. Holland made a confession implicating several others of his associates in the crime, and the purpose of the respite will be to secure his testimony in the trials of the other negroes, which are set for the February term of circuit court.

### Eloped to Tennessee.

Walter Bouldin, of near Trenton, and Miss Ella Massie, daughter of F. B. Massie, of Pembroke, eloped to Clarksville and were married.

### A New Flyer.

The scenic effects of this intense play consist of four beautiful acts of entirely new stage settings which approach the highest art of dramatic production. The Midnight Express carries a company of sixteen players and six clever specialty artists, also two very clever children, a boy of nine and a girl of seven who captivate the audience by wonderful talent.

### EWING'S FIGHT IS CARRIED TO WASHINGTON.

Tobacco Trust to be Investigated By Attorney General.

ASSISTANT APPOINTED.

A. E. Garner, of Springfield, Tenn., Will Look Into Unlawful Conditions.

Washington, Dec. 9.—Attorney General Moody said tonight that he had appointed A. E. Garner an assistant Attorney General to look into the tobacco trust and conditions. The Attorney General did not care to go into details of the exact duties devolving upon Mr. Garner, though it is of course understood that he is to examine into the allegations made by the tobacco growers against the tobacco trust.

Several weeks ago F. G. Ewing, president of the Tobacco Growers' Association, after a number of communications with the department, was asked to come to Washington and discuss the features of the tobacco growers' side with Assistant Attorney General McReynolds. The

names of several lawyers who would be acceptable agents to make investigation were suggested. Mr. McReynolds, who is a Tennessean, is personally acquainted with A. E. Garner, the attorney at Springfield, Tenn., and agreed with Mr. Ewing that his selection should be a capital one.

The special agent would naturally draw on the department for such money as would be necessary to defray the expenses of an investigation. His duties would be confined to inquiring into the conditions of the tobacco trade several years ago as compared with today, and to determine to what extent, if any, there is an unlawful conspiracy among tobacco buyers.

### ELDER MOORE

In her dying statement, she said that Mose Evans shot her because she refused to marry him. A posse is in pursuit of Evans.

### BREACH OF CONTRACT

Charged in a Recent Telephone Transaction.

It is said litigation is liable to result from the sale of the Haley's Mill telephone line to the Cumberland Company. H. C. Helsley was the owner, and the officers of the Home Telephone Company say they hold his contract under which they were to operate the line for two years. It had been connected with the Home plant and service had actually begun under the contract.

### RECEIPTS BETTER

And total for Year Nearly 15,000. Hogsheds.

More activity on the local tobacco market was displayed this week and sales amounted to 126 hogsheds. Last week there were no receipts, but this week receipts amounted to 60 hogsheds. This brings the total receipts for the year up to 345 hogsheds. Sales for the year, 13,700. Nothing is doing in the loose market as yet, owing to the inability of the farmers to handle the weed on account of dry weather. This branch of the business is expected to open up fully as soon as the weed comes in order.

### MONEY FOR COLLEGE.

A movement was put on foot some time ago to raise a fund to improve and endow Bethel Female College in this city, but it is not being pushed as it should be. To show what can be done with the proper effort, we take the following item from the Clarksville Leaf-Chronicle, in regard to a Tennessee school:

"Dr. P. T. Hale, President of the S. W. B. University, at Jackson, Tenn., preached at both hours at the Baptist church Sunday. He is raising \$100,000 for the further equipment and endowment of that famous institution of the Baptists of this State and the church here contributed \$4,000 toward this sum. Dr. R. R. Acree is Vice-President of the Board of Trustees. It is understood that one leading Baptist gave President Hale a check for the handsome sum of \$2,500.

Mr. and Mrs. J. J. Garrett, (of Tennessee), also gave \$1,000 in behalf of the New Providence Baptist church."

## CLUB COURSE

### Will Consist of High Class Attractions.

The Hopkinsville Lyceum and Almshouse Club course, will consist of the following high class attractions:

The first number will be Dr. Ralph Bingham, of Philadelphia, in an original entertainment, inducing pleasure and delight, provoking mirth, merriment, laughter. The next attraction will be Eugene Laurant and Company, in magic, mystery and music. The first number in February will be "Lovett's Boston Stars" this company presents; Mr. Frank Reynolds, star song humorist, Miss Georgia Harvey, star reader, Miss Willa Lynett, star soprano, and Miss Louise Larhand, star violinist. Too favorably known for comment. The next number in February will be John Temple Graves, of Atlanta, Ga. "His speech is a mosaic of eloquence."—Thos. Nelson Page. The next attraction will be either the Kling-Paco Grand Concert Co., or the Chicago Glee Club, with Miss Irene Skinner, reader. Can't say now which will be available, but either attraction will be most enjoyable. The course will close with the great "Packard," who is the most prominent cartoonist, lecturer, illustrator and humorist before the public today. This is the strongest course ever attempted here, and we hope the public will appreciate our efforts in their behalf, and will avail themselves of season tickets. The tickets for the entire course as above have been put within the reach of every man, woman or child in the city, and we should sell 1,000 tickets at the low price of \$1.50 each. The door admission will be 50c up, and by the time you have enjoyed two or three of these superior attractions you have paid for the entire season ticket. See, Our committees have done good work, the undersigned has had good success in the business section, and yet there are lots and scores of people who have not subscribed for tickets. The season tickets are as low as can possibly be sold and the Tabernacle fulfill its mission, all the town can enjoy these attractions, let the whole family go. Would rather see 1,000 in the audience at 25 cents each, than 250 at \$1.00 each. The season-tickets will be ready in a few days, and those who did not subscribe, can procure them at the Bank of Hopkinsville. UNION TABERNACLE ASSOCIATION, By H. L. McPherson, Manager.

### GIGGING GOOD

#### And Some Fine Fish Being Caught.

Large numbers of choice fish are being caught in red river by giggers. For some time the water has been very low, and being clear, the fish can be located without difficulty. From the L. & N. railroad bridge, six miles Southeast of Guthrie, to a point three miles up the river, the sport has been indulged in with great success and hundreds of pounds of the finny tribe have been taken from the stream recently.

Many varieties of fish are caught, such as buffalo, carp, perch, suckers, salmon, etc. Some of the specimens measure from twenty to thirty inches in length and weigh from five to fifteen pounds. One Salmon was taken from the stream near the bridge which weighed fourteen pounds. Since the rain the water has been more or less muddy and gigging has not been so good.
